A2

# Katherine Negrete

UI Front End Developer

2+ Years Experience

## Profile

With over 2 years of experience in front-end development, I am committed to building intuitive and visually compelling user interfaces!

## Work Experience

### **Front-End Developer | Vinneren Consulting**

*Oct 2022 - Mar 2024 (1 year 6 months)*

#### **UI Frontend Developer | Elektra**

Stack: ReactJs, Typescript, Sass, VTEX IO, GIT, AWS CodeCommit, Jira

- Collaborated with designers and backend developers to integrate new features and technical solutions.
- Participated in the entire development cycle, from planning to deployment and maintenance.
- Integrated and consumed data from servers using HTTP requests with Fetch API and Axios.
- Developed reusable components in ReactJs for elektra.mx and italka.mx.
- Used VTEX IO for custom solutions based on client needs.

#### **UI Frontend Developer | Office Depot**

Stack: HTML5, CSS3, Vanilla JavaScript, SAP Hybris, Trello, GIT

- Designed and implemented landing pages using HTML, CSS, and JavaScript, enhancing user experience and accessibility (Responsive Design).
- Participated in the full development cycle, from planning to deployment and maintenance.

#### **UI Frontend Developer | Zulkamex**

Stack: ReactJs, NextJs, Sass, Contentful, Jira, GIT

- Collaborated in the design, development, and deployment of new features with ReactJs and NextJs.
- Created and maintained technical documentation to facilitate maintenance and team collaboration.
- Used Git for source code management, performing code reviews and ensuring development quality.

### **Front-End Developer Intern | Knowledgeize.**

*May 2022 - Oct 2022 (6 months)*

**Stack:** HTML5, CSS3, JavaScript, Git, Command Line

- Verified the accurate translation of information and documentation, ensuring the content was correct and consistent.
- Researched user questions and answers to improve functionality and support for the application, ensuring user needs were addressed.
- Provided technical support and updated technical documentation to facilitate understanding and use of the application by the team and users.

### **Assistant | Genial Labs LLC**

*Jul 2020 - Apr 2022 (1 year 9 months)*

**Stack:** Microsoft Office, MacOS, Linux, Wordpress

- Assisted in editing image files, data extraction, and documentation.
- Tagged data using Jupyter Notebook, managed screenshots, data entry, testing, and moved and compressed files.
- Conducted detailed research on projects to support planning and execution.
